

Democracy and Electoral Integrity Fellowship for Doctoral Candidate-Completion Year

In collaboration with The Carter Center's Democracy Program, and The Laney Graduate School, GSI's Atlanta Global Partnerships offers Democracy and Electoral Integrity Fellowship to Emory University doctoral candidates who are in their completion year.

This fellowship is open to doctoral candidates who are in the humanities and/or social sciences in their completion year.

The Democracy and Electoral Integrity Fellow will conduct research to support the Carter Center's Democracy Program and Emory University, in their collaboration with the Electoral Integrity Project (EIP). The EIP is one of the leading academic data and research initiatives focusing on the democratic quality of elections around the globe and how they can be improved. The EIP is an independent academic project housed at the Royal Military College of Canada/Queen's University in Canada and the University of East Anglia in the UK. The Carter Center is a partner of the project. The EIP maintains a cross-national data set of expert perceptions and supports innovative and policy-relevant research comparing elections worldwide. The dataset provides valid, reliable, and generalizable empirical evidence (based on expert perception surveys) regarding electoral integrity. It also supports a research community by engaging scholarly and practitioner networks drawn from diverse disciplines, theoretical approaches, global regions, international organizations, and methodological techniques to advance knowledge of electoral integrity.
